With reference to your D.O. mentioned above, and having regard to the last report submitted by me on the subject, I have had further reports from some of my subordinate officers. There has been felt a keen necessity for the appointment of an extra - Revenue Inspector for Mangalore Town exclusively in order to deal with extra work connected with war, such as collecting statistics of food-stuffs, control of prices, food-grains order, evacuees and other miscellaneous and emergent work. The present Revenue Inspector, Mangalore firka is already having too much work, and it is necessary that he should be relieved of some of the extra work. I, therefore, recommend that the Government may be ----- pleased to sanction the appointment of an extra Revenue Inspector for Mangalore Town to attend to all the work connected with war.

2. The ~~inspection~~ question of the inspection of offices by the Revenue Divisional Officers and the Collector and the replacing of some of the quarterly returns by half yearly returns, has been ----- considered. I send herewith a copy of my ~~instructions~~ ------- proceedings in which instructions have been issued by me to my -- subordinate officers in this behalf. Besides, the changes --- ordered by me, I propose that the following inspection and ---- return may be ordered to be replaced by annual inspection and -

return respectively.-

Inspection of District Treasury by the Collector.- The District Treasury is inspected once in every half year at present. The half yearly inspection by the Collector may be dispensed with and made annual (January), since there is inspection of the District Treasury by the Accountant-General's staff once in two years.

Returns.- At present the Tahsildars are sending certificates of their inspection of census records once in every -- quarter. This inspection and the certificate may be ordered to be replaced by half yearly ones.

3. The question about the need for Additional I Class --- Magistrates is being examined by me. Should there be any --- need for them a report will be submitted in due course.

For Collector.

Letter from M. Karamatullah, Esq., I.C.S., Collector of South Kanara, R.O.C.A.2-4629/42 Confidential, dated 10th August 1942.

REFERENCE:-

An extract of paragraph 1 of the Collector's letter cited above is submitted to the Government.

2. The Board considers that in the case of a Revenue Inspector who has a great deal of out-door work to do, it will be difficult to divide the work in such a way that it is shared half and half between the two Revenue Inspectors and that administratively, it will be more convenient to divide the Mangalore Firka into two parts, East and West or North and South and to have a Revenue Inspector for each. By this arrangement the Mangalore town will be divided into two parts and each part will be included in a firka. It accordingly requests that in view of the heavy war work reported by the Collector the Government may be pleased to sanction the employment of an additional Revenue Inspector for the Mangalore firka temporarily for a period of one year from the date of employment or till the end of the war whichever is earlier.

3. The Board will issue instructions to the Collector to divide the firka into two parts as suggested above.

4. The expenditure will be debited to "25. General Administration – District Administration – Taluk Establishments – Pay of establishments – Voted or authorised."
